

Safeguarding Children Policy

[Dulwich Village Kids Club](#) is committed to building a 'culture of safety' in which the children in our care are protected from abuse and harm.

The Club will respond promptly and appropriately to all incidents or concerns of abuse that may occur. The Club's child protection procedures comply with all relevant legislation and with guidance issued by the Local Safeguarding Children Board (LSCB).

The Club's designated Child Protection Officer (CPO) is [Suzie Gilbert](#). The CPO coordinates child protection issues and liaises with external agencies (eg Social Care, the LSCB and Ofsted).

Forms of child abuse and neglect

Child abuse is any form of physical, emotional or sexual mistreatment or lack of care that leads to injury or harm. An individual may abuse or neglect a child directly, or by failing to protect them from harm. Some forms of child abuse and neglect are listed below.

- **Emotional abuse** is the persistent emotional maltreatment of a child so as to cause severe and persistent adverse effects on the child's emotional development. It may involve making the child feel that they are worthless, unloved, or inadequate. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
- **Physical abuse** can involve hitting, shaking, throwing, poisoning, burning, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may be also caused when a parent or carer feigns the symptoms of, or deliberately causes, ill health to a child.
- **Sexual abuse** involves forcing or enticing a child to take part in sexual activities, whether or not the child is aware of what is happening. This can involve physical contact, or non-contact activities such as showing children sexual activities or encouraging them to behave in sexually inappropriate ways.
- **Neglect** is the persistent failure to meet a child's basic physical and emotional needs. It can involve a failure to provide adequate food, clothing and shelter, to protect a child from physical and emotional harm, to ensure adequate supervision or to allow access to medical treatment.
- **Female Genital Mutilation (FGM)** is all procedures involving partial or total removal of external female genitalia or other injury to the female genital organs for non medical reasons.

Signs of child abuse and neglect

Signs of possible abuse and neglect may include:

- significant changes in a child's behaviour

If abuse is suspected or disclosed

When a child makes a disclosure to a member of staff, that member of staff will:

- Reassure the child that they were not to blame and were right to speak out
- Listen to the child but not question them
- Give reassurance that the staff member will take action
- Record the incident as soon as possible (see *Logging an incident* below).

If a member of staff witnesses or suspects abuse, they will record the incident straightaway. If a third party expresses concern that a child is being abused, we will encourage them to contact Social Care directly. If they will not do so, we will explain that the Club is obliged to and the incident will be logged accordingly.

- Report FGM to Social Services and the Police.

Preventing Radicalisation and Extremism

Listen out for children using inappropriate language and challenge any negative behaviour towards other groups.

- Dulwich Village Kids Club staff will assist in the Early Years Foundation Stage of learning by promoting positive learning in the areas of personal social development, social and emotional development and Understanding of the World.
- Dulwich Village Kids Club have adopted the British Values and use them when thinking about the health and Wellbeing of our children and the activities that are planned for the children.

Dulwich Village Kids Club follow the Forest School philosophy of giving children the opportunity to experience a nature, gaining skills in independence and self discovery then encourage children to use these skills to gain confidence in all they do.
